Commercial

These digital art files may be used for personal or commercial use as outlined in the below provisions.

Pro-Craft

They may be used by hobbyists and professional crafters to create their own handmade crafts such as scrapbooks, greeting cards or other paper based products. The customer should receive all files from the professional crafter or scrapbooker in flattened (jpeg) or printed form. Please contact me if you would like to mass produce items (more than 100 printings of the same card, candy wrapper, or other crafted item) using my products because that would require a Commercial license.

This Term of Use is good for the life of the purchaser and will not be changed in the future. No additional fees or notifications are required for this Limited Professional Crafter and Scrapbooker license to be valid.

Limited

These digital products are not to be used to create any other digital products (papers, elements, quickpages, templates etc) for resale commercially.

They may not be transferred or redistributed in their original format or slightly changed and then redistribute. These digital art pieces may not be copied or recompiled into digital art collections of any sorts.

The graphics in this kit are copyright protected by CLAUDI DESIGNS. You may not take credit for the creation of them.

You may not share, loan, sell, rent, or transfer these digital files to any other party by any other means. If you have any questions or concerns about this license, please contact CLAUDI DESIGNS at csscraps@gmx.de

Thanks for buying from me! I hope you enjoy it as much as I do
